

## Ophthalmic Scribe/Technician

### Who We Are Seeking:

Certified ophthalmic assistants/technicians; experience will be considered. May be willing to train the right candidate.

### Our Ideal Candidate:

Would demonstrate a commitment to providing top-quality care. They should possess attributes that include excellent communication skills, time-management skills, self-motivation, and the ability to work independently and as a team to accomplish daily goals and objectives. It is our expectation that all personnel treat all patients' and co-workers' in a professional, respectful manner.

### Job Details:

Ophthalmic Scribes and Technicians are responsible for the direct-patient care.

Scribes document medical findings and communication between doctor and patient in Electronic Medical Records. They help with medication and glasses prescriptions, minor procedures and ophthalmic imaging.

Technicians record patient histories, chief complaints, and are responsible for the initial slit-lamp biomicroscopy examination. They should be familiar with all aspects of a work-up which include checking visual acuity, manual lensometry, refractometry, evaluation of extraocular muscles, APD's, CVF, and angle assessment.

We do like to cross-train all employees for both personal growth and to meet business needs.

### What We Offer:

A full-time position in a rewarding, team-oriented practice. We offer a competitive salary and employee package that includes 401(k), profit sharing, excellent health care benefits, paid time off for vacation/sick time, uniform compensation, paid continuing education, professional development and growth opportunities and many other benefits.
